We are pleased to announce that **BHTS'2026 – the 3rd Bosphorus International Heat Treatment Symposium** will be held on **April 16–17, 2026**, at the **Sabancı University Performing Arts Center** in **Istanbul**, in collaboration with the Metal Heat Treatment Industrialists Association (MISAD) and UCTEA Chamber of Metallurgical and Materials Engineers' Training Center (METEM).

The symposium will provide a comprehensive platform to discuss heat treatment, one of the strategic fields of manufacturing, in light of the latest technological and scientific developments. The event will also address the current status of heat treatment technologies in Türkiye, the challenges faced by the industry, and the country's position in the global landscape, with insights from distinguished experts and leading professionals.

Our goal is to bring together all stakeholders, including industry leaders, engineers, researchers, academics, and end users, to exchange knowledge, build collaborations, and shape the future of the field.

We warmly invite local and international companies to participate in the symposium and to showcase their products, services, and application solutions as part of the exhibition.
